

The Rexel vision is that every office worker can work confidently and productively with distinctive tools that are the intelligent choice for the task.

The GBC vision is that everyone, from the office to home, to school users, can depend on our business machines and supplies to provide outstanding professional results, time after time.

Through leadership and originality the Leitz vision is to be the leading premium brand for the office and beyond by breaking boundaries in quality, design and performance.

The Nobo vision is that every worker can enjoy a clearer, more creative and collaborative environment.

Kensington products are designed to meet the needs of the modern professional whether in the office, at home or on the road.

# ARE YOU **POPI** READY?

Protection Of Personal Information Act

## Did you know?

Identity theft is costing our economy close to R1 billion per year. (Forensics 4 Africa). According to the POPI Act, businesses who do not dispose of client information could face fines of up to R10 million.

## What is POPI/POPIA?

The **Protection Of Personal Information Act (POPI)**, gazetted on the 26 November 2013, it came into effect 1 July 2020 and calls for businesses and organisations to take appropriate action with regards to the acquisition, storage and destruction of personal information. It requires that policies and practices are put in place to prevent the reconstruction of discarded personal information in an intelligible form.

## Why Shred?

The **POPI Act** will have the effect of increasing market demand for shredding. Companies and individuals not already destroying unwanted confidential information will begin to do so. Those in the habit and discipline of shredding will have cause to consider more secure levels of destruction. In the UK for example the Data Protection Act changed market demand from predominantly straight cut shredding to predominantly cross cut & micro cut shredding in the space of two to three years.

## Why Autofeed shredding?

### People Friendly

Spend 98% less time shredding. Simply stack, shut and walk away! Auto feed shredding increases productivity.

### Pocket Friendly

Auto feed shredding saves time and money. Intelligent power save feature limits power usage. Offsite solutions are costly and can place an administrative load on employees.

### Security Friendly

Onsite shredding eliminates the "lost in transit" risk, giving better control over document destruction. Rest assured your sensitive info cannot be reconstructed once shredded.

### Choice Friendly

We offer a range of **13 Rexel** plus **4 Leitz Autofeed** shredders that can shred from 45 to 750 sheets automatically. Available in cross cut and micro cut.

## What does it mean for you?

- You will need higher levels of security than straight cut (P2) shredders provide.
- Rexel Optimum AutoFeed Shredders** and **Leitz AutoFeed Shredders** are available in security levels P4 and P5 and are therefore an ideal **POPI** shredding solution.
- Rexel and Leitz AutoFeed Shredders** offer the latest innovative technology backed by reliable after sales service.

## THE ULTIMATE PORTFOLIO OF HOME & OFFICE SHREDDERS

### Cross Cut

**P3** Cuts 1 A4 page into 300 pieces

### Cross Cut

**P4** Cuts 1 A4 page into 400 pieces

### Micro Cut

**P5** Cuts 1 A4 page into 2000 pieces

Legal, Banking & Finance Documents

Government & Health Care Documents

Corporate Businesses Documents

SME's & SMB's Documents

Home Office Documents

# How to choose a shredder

Step

1

## Select Cut Type

How much security do you need?

**Strip Cut**  
Security level: P2

Cuts 1 A4 sheet into 36 pieces

**Cross Cut**  
Security level: P3-P4

Cuts 1 A4 sheet into 300 - 400 pieces

**Micro Cut**  
Security level: P5

Cuts 1 A4 sheet into 2000 - 6000 pieces

Step

2

## Select Feed Type

**Autofeed**

**Manual Feed**

Step

3

## Number of Users

**Personal/  
Home Office**  
Up to 2 users

**Office**  
Up to 20 users

**Large Office**  
20+ users

Step

4

## Sheet Capacity

**Max Sheets  
Automatically**

**Max Sheets  
Manually**

A higher sheet capacity means less time spent shredding

Step

5

## Bin Size

A larger bin allows more shredding before emptying the bin

Cuts 1 A4 Page Into	Shredder Model	Page	Rexel Code	Users	Max shts/pass	Cut	Bin Size Litres/(Sheets)	Cut Size (mm)	Decibel Level	Entry Width (mm)	Jam Free	Speed m/min	Auto Oil

**NEW** Momentum Extra Jam-Free Paper Shredders

**> Extra power**  
to shred even more

**> Extra** large bin **> Extra** run time **> Extra** sheet capacity

### Rexel Momentum Extra Jam-Free Paper Shredders

Jam-free active sensing technology measures the number of sheets being fed in real-time to stop paper jams. The extra-large bins, longer run times and increased sheet capacity make these paper shredders ideal for any office environment.

# Shredder Oil & Shredder Bags

## Shredder Oil

Synthetic Shredder Oil 250ml

- Apply Lubricant from side to side across scrap sheets of paper.
- Shred the lubricated sheets.
- Reverse the Shredder to distribute lubricant through the cutter.
- Recommended for Confetti Cut Mercury and above.

**Rexel Code**

300105

## Shredder Oil 7000 Series, 1L

Synthetic Shredder Oil 1L

- Apply Lubricant from side to side across scrap sheets of paper.
- Shred the lubricated sheets.
- Reverse the Shredder to distribute lubricant through the cutter.
- Recommended for Confetti Cut Mercury and above.

**Rexel Code**

300106

### How to oil your shredder

#### MANUAL FEED SHREDDER

1. Switch the Shredder off. Ensure that there is some shredded paper in the bin.
2. Spread some shredder oil onto two A4 pieces of office paper. Place another two A4 sheets on top of the two oiled sheets.
3. Switch the Shredder back on and feed the four sheets through to the cutting blades as you would normally do when shredding.
4. Once the sheets have been shredded depress the reverse button for ten seconds to spread the oil evenly across the blades.

## Rexel Shredder Oil Sheets

- Easiest way to oil your shredder
- Use once a month to prolong the life of your shredder
- Pack 12

**Rexel Oil Sheets**

**Rexel Code    On Pack Code**

300099        2101948

## Leitz Shredder Oil Sheets

- Easiest way to oil your shredder
- Use once a month to prolong the life of your shredder
- Pack 12

**Leitz Oil Sheets**

**Rexel Code        On Pack Code**

300101            80070000

### How to oil your shredder

#### AUTO FEED SHREDDER

1. Switch the Shredder off. Ensure that there is some shredded paper in the bin.
2. Open the top lid. Feed a Rexel Oil Sheet (**Invoice Code 300099 On Pack Code 2101948**) into the gap between the rollers. Close the top lid.
3. Switch the Shredder back on and the oil sheet will drawn by the rollers through to the cutting blades.
4. Once the oil sheet has been shredded depress the reverse button for ten seconds to spread the oil evenly across the blades.

### Options for the Lubrication of the Shredder

1. Rexel Oil Sheets which are available in packs of 12 under the code 2101948. Invoice code **300099**
2. Leitz Oil Sheets which are available in packs of 12 under the code 80070000. Invoice code **300101**
3. Rexel Shredder Oil available in a 250ml bottle and sold under the invoice code **300105**
4. Rexel Shredder Oil available in a 1Lt bottle and sold under the invoice code **300106**

Rexel accepts no liability for product performance or safety when other types of lubricants are used on any part(s) of Rexel or Leitz Shredders.

Rexel recommends that the shredder is lubricated after the bin has been emptied three times and again every third bin emptying event thereafter.

## GBC Foton Film Cartridge

### NEW Refillable Film Cartridges

Foton 30 is now even more productive with easy load refillable cartridges which reduce costs and improve efficiency. Each refillable cartridge is provided with a lamination roll. To refill: simply remove empty cartridge, open the cartridge levers, insert a replacement roll and close the levers.

Rexel Code	On Pack Code	Description

# Document Binding Solutions: Binding Style & Cover Choice

Binding a document says something about you - whether it's that all important sales proposal for a customer, a securely bound legal document, or a regularly used training document. Select from the GBC range of binding styles and covers to make sure it represents you. You only get one chance to make a first impression!

Which binding style?

## CombBind®

The classic way to bind.

- 21 hole punch pattern allows you to select spines from GBC, standard combs
- All comb styles are great for photocopying and page turning
- CombBind elements are available in sizes 6mm to 51mm

## WireBind

The professional way to bind.

- Durable, robust metal wire spines with either 34 or 21 loops (designed for use on Multifunctional binders)
- Providing a secure binding wire with 360 degree turning capability - perfect if photocopying is required
- Ideal for documents which require a secure, non-editable closure
- WireBind elements are available in sizes 6mm to 14mm

## ClickBind™

The simple and editable way to bind.

- Click provides a modern finish to any document with the added benefit of easy page addition or removal when required
- Maximum impression with minimal effort
- Click provides 360 degree turning and is ideal for photocopying
- ClickBind elements are available in sizes 8mm to 16mm

## ThermaBind™

The "Published Look" way to bind.

- Pages are held in place with adhesive inside the spine of the covers
- Front and back covers are supplied as one item - unique for ThermaBind
- Flat stack multiple copies and ideal for mailing

### What is the difference between a Paper Trimmer and a Guillotine?

*A Paper Trimmer has a blade on a track that you slide up and down your paper to trim it.*

*A Guillotine has a handle with a blade that pivots up and down to cut paper.*

## Wide Format Trimmers
